Goals of SoSalsa

The salsa student community has emerged from the interest for salsa and all that is related to salsa. The goals of SoSalsa are as follows:

- To make the existing community visible for (new) salsa students.
- To maintain the continuity of the salsa community: new salsa students will be welcomed in and acquainted to the world of salsa by fellow students.
- To ensure students of all levels get to know each other (by installing horizontal and vertical connections) to remove possible fear of dancing with a higher level student.
- To contribute by means of salsa and other activities to personal development.

Activities at SoSalsa

SoSalsa has the ambition to offer all sorts of activities to its members. Below you will find the activities which are offered in the short term. As the association grows, new activities will be added. The creation of new activities is not merely a job for the board, rather all members are invited and encouraged to think along and take initiative.

- SoSalsa borrels; SoSalsa members get acquainted without being intimidated by each other's level, all with a drink in one hand.
- SoSalsa parties; Parties at which everyone can dance together, and at which dance levels do not concern one another. Members of SoSalsa always get in for free at SoSalsa parties.
- Together we visit other parties in the region. Every week you can choose from a number of parties given anywhere in the Netherlands. Members will be notified about and invited to visit a party.
- Workshops for members of all different levels. External teachers will be invited to give workshops in salsa and other Latin American dances.

Membership and minimum TU affiliated

TU Delft, as our main sponsor, requires a minimum percentage of TU-students or –employees. SoSalsa decided to keep a percentage of 80% TU-affiliated members. If at the moment of your subscription we are under this limit, we will place your application on our waiting list. As soon as we are over the 80% of TU-affiliated, we will contact you.
